# The Agent You Hire Does Make the Difference!!

The company is important, but it is  
**ALWAYS**  
The individual agent you hire and what that person  
does to market and promote your home.  
Please understand this.

Don't list your home just because someone works for a large  
company.

Check their individual track record.

Don't just list because you like someone or  
they sent you something in the mail.

**YOUR HOME IS YOUR LARGEST ASSET.**

List with someone that can get your home sold.  
Someone who sells homes and doesn't just List them.

WE CAN SELL YOUR HOUSE!
